

Press Release — 16th June 2021

Exclusive Interview With THALUANA MUSCAT, Sales Manager at Swintt

In the interview down below, you'll have the opportunity to learn all about Swintt, an amazing online casino software provider, from the perspective of **Thaluana Muscat**, the company's **Sales Manager**.

Swintt's goal is to **create sustainable iGaming products and increase player engagement** through innovations in game design and retention tools. But let's hear more about it from Thaluana! Enjoy!

CHIPY: Greetings, Thaluana! Thank you for taking time out of your busy schedule to answer our questions. Now, let's get going by introducing yourself and by telling us a little bit about Swintt.

THALUANA: Hi, it's my pleasure! I'm Thaluana, Sales Manager at **Swintt**.

Swintt is a rapidly growing game provider focused on delivering proven, specialist content to help operators grow in their chosen markets.

Armed with a **diverse slot portfolio, localized games popular in key markets**, a top-quality live dealer product, and powerful gamification tools, Swintt's expanding range of products cater to player tastes, market trends, and enable growth opportunities for online casino operators worldwide.

CHIPY: Swintt has developed and released a significant amount of slot games so far. In your own view, what is the definition of a high-quality slot game?

THALUANA: Swintt has released over **100 slot games** for players to enjoy! High-quality is continuously working and improving to meet players' tastes and market needs. We are always working on a broad range of themes, appealing graphics, smooth content, and good UI and UX across different devices.

CHIPY: Out of all Swintt titles, which one do you think it's the most successful of 2021, and what is your favorite Swintt game?

THALUANA: We sure have launched many successful games this year but launching SwinttLive has been a great highlight to Swintt and its portfolio. Our live solution is mobile-first, extremely intuitive, with well-trained dealers from Vegas. This brings the classical and trustful style that only the capital of gambling has!

In our slot portfolio, we've just launched Mega Phoenix, a game with high volatility and a max win of 25,000x, using the mysterious Phoenix bird as the theme. The game is beautifully designed with an oriental style and features consisting of, among other things, sun and moon wilds and Phoenix re-spin. For sure, one of my favourites!

THALUANA: Easy-peasy, our widget allows players to **join tournaments** on the go, track progress in real-time, collect their rewards, as well as stay up to date on upcoming tournaments with a click of a button and in-game!!!

CHIPY: Swintt has made a name for itself in the iGaming industry by offering unique products. What can you share with us about SwinttGamify?

THALUANA: SwinttGamify is our **full gamification product that provides more functions** within our games, meaning players have more opportunities to win! There **are in-game achievements, missions across multiple games**, and regular tournaments that can be entered from within the game.

Moreover, real-time and in-game leaderboards, and last but not least, instant rewards that grant players their prize with no action required, making the whole experience much simpler and hassle-free!

CHIPY: Surely, your fans are very impatient to try out new Swintt titles. Do you have any slots coming up in the near future?

THALUANA: We sure do! Swintt has a strong roadmap and for the next following weeks, for example, we are launching Pirate Treasure, a classic and basic gameplay filled with beautiful pirate-themed graphics.

We are also launching Hatchi's Quest, featuring a wasp hero embarking on his first adventure with his friends. It's an engaging game where players can bet safely and play for quick and easy rewards or they can risk it all and max their bet to awaken the top symbols for bigger payouts!

We also have a major release in July with the upcoming Lone Rider... watch this space! We can't wait for it!

CHIPY: Are you focusing on any specific markets at the moment? What markets would you like to enter in the future?

THALUANA: Supplying the right content for the right markets is something we focus on a lot, and we have a wide range of games **optimized for many markets including Germany, India, Japan, and beyond.**

We are entering the **Swedish market** soon with further markets in our pipeline!

CHIPY: Do you have any direction planned for Swintt in this new decade or are you just going with the flow?

THALUANA: We do have an ambitious goal to not only be unique and offer an appealing portfolio to different tastes in the industry, but also have a philanthropic mindset and give back to society with innovative solutions.

CHIPY: We had a great time learning more about Swintt and its products. Thank you again for this wonderful opportunity. Is there anything else you would like to say to our readers? Thank you!

THALUANA: Yes, keep an eye on our new releases! There will be great things coming up in the next few months!

Final Thoughts

We are now surely enchanted by Swintt and its amazing games! After reading this interview, hopefully, you are too! Try out for free some of the best Swintt game titles here at Chipy.com and let the fun begin!

Last but not least, thank you, Thaluana, for a delightful conversation! :)

Ends
